

Elevate Your Wellness, with Orriant Life

Healthcare that Comes to You!

When it comes to healthcare, most people feel they spend more than they like. Waiting rooms are not convenient. And no one likes deductibles or copays. Having worked in the Health Insurance and Wellness industry for more than 30 years, including Fortune Magazine's #5 company, I've seen what works well and what doesn't work so well. Let me share something I found that works well. It is called **Orriant Life**. And it is new!

What, Specifically, is Orriant Life?

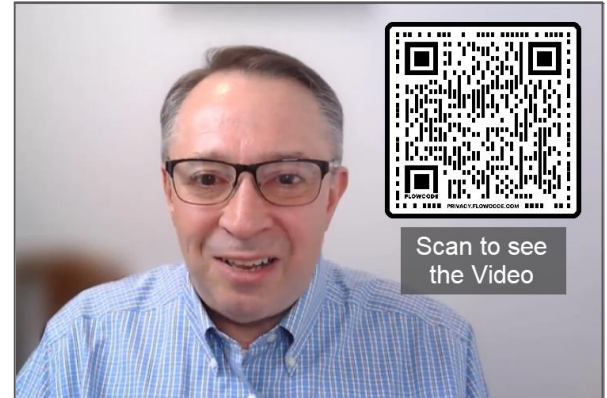

The Orriant Life program provides the following, all for less than \$4 per day, per household! It is a subscription to preventative and primary care, like the front door to your healthcare... a front door to save money and elevate your family's wellness. *

- **Primary Care:** Unlimited In-home and Virtual Primary Care, plus Free Labs, X-rays and EKGs from the convenience of your own home.
- **Regular In-Person Award-winning Virtual Coaching:** to help you live life to its fullest.
- **Mental Health:** Virtual video visits with licensed Mental Health Therapists.
- **Physical Therapy:** Virtual video visits with licensed Physical Therapists.
- **Prescriptions:** Standard Rx plus over 550 free meds from your pharmacy or mailed to your home.

Who is Orriant Life For?

- Any individual in the U.S.A., and their Household. *
- Individuals who don't have health insurance, who want an affordable subscription for preventative and primary care.
- Individuals who have high-deductible health insurance, and who wish to avoid paying deductibles and copays for preventative and primary care.
- Individuals who have health insurance, and who wish to elevate their wellness and healthcare experience with award-winning coaching; and in-home and virtual primary care, mental health, physical therapy, and prescriptions with no deductibles or copays.
- Individuals who have health insurance, and who wish to reduce their overall healthcare claims by 50%. See Orriant subscriber 3-year statistics below.
- Small businesses who wish to elevate their employees' healthcare benefit offering and improve employee wellness outcomes.
- Businesses of 10 or more employees call (800) 584-3596 for information on even greater discounted contract rates than are available for individuals.

Important Disclaimer: Orriant Life is not insurance and is not a health plan. Rather, it is a subscription for preventative and primary care.
